Serving the Community since 1975

MOUNTBATTEN VOCATIONAL SCHOOL

ABOUT US

Our Faculty

Our teachers and instructors not only care about imparting knowledge to students but also the students' interests, talents, and needs, which help students feel they matter in the learning experience..

Our Programme

Our school offers the ITE Skills Certificate (ISC) in Food Preparation, F&B Service and Housekeeping Operations. Included in our curriculum are subjects in literacy, numeracy, physical education, fashion and design, life skills and basic computing.

Our Facility

Although an old building, it is fully equipped with a training restaurant, a mock-up hotel room, two training kitchens, a gym, a computer lab and spacious classrooms.

OUR HISTORY

Mountbatten Vocational School (MVS) is an ITE Approved Training Centre. Established in 1975, Mountbatten Vocational School opened its doors initially to train deaf youths to be skilled workers. Due to the needs of the community, it began taking in trainees with other special educational needs in the later years.

MVS believes in leaving no one behind. We want to maximise our students' potential and social integration. We believe that education is an act or experience that has a formative effect on the mind, character and physical ability of an individual. We aim to achieve this with our students through a holistic programme.

"Deeds Not Words", has been our motto since the school started in 1975 and we are determined to provide training opportunities for all who can benefit from our programme.
