The Class of 2023 with teachers and staff

Class of 2023

In November 2023, we bid farewell to a group of students who finished their training in F&B Services, Housekeeping Operations, and Food Preparation at MVS. Their time with us has ended, but it's the start of a new part of their lives. We wish them the very best, and we'd love to hear from them in the future to know how they're doing.

Horse Riding and Grooming

In the closing weeks of Term 4, our students enjoyed transformative horse riding and grooming activities organized by the National Equestrian Centre. Tailored for those with special educational needs, the initiative aimed to foster personal growth and introduce novel experiences.

The primary goal was to empower students by building self-confidence through interactions with majestic horses. Navigating equestrian activities provided a sense of accomplishment, strengthening their belief in their abilities and enhancing self-worth.

Discipline was instilled through the structured nature of horse riding and grooming. Students learned to follow instructions, adhere to routines, and appreciate responsibility, impacting their behavior beyond the stables.

The program also sought to cultivate empathy through interactions with animals, fostering compassion and understanding of others' needs. Additionally, it introduced students to new experiences, opening doors to adventure and exploration, positively influencing their attitudes towards trying new things in the future.

In conclusion, the National Equestrian Centre's activities in Term 4 provided a unique platform for personal growth, instilling self-confidence, discipline, and empathy in our students with special educational needs. Witnessing the positive impact, we remain committed to fostering such opportunities for holistic development.

Enrichment Programmes

In Term 4, our school organized impactful enhancement programmes to broaden students' horizons and skills. Key initiatives included the Drumming Workshop, fostering patience and focus, and the IOS Device Accessibility Workshop, enhancing digital literacy. Funded by the Temasek-Trust CDC Lifelong Learning Enabling Fund, the latter provided students with a fundamental understanding of iOS devices and rewarded active participants with a free iPad each.

These programs reflect our commitment to diverse opportunities, with the Drumming Workshop emphasizing life skills through artistic expression and the IOS Device Accessibility Workshop equipping students with essential digital skills. We celebrate the success of these initiatives and eagerly anticipate further efforts in fostering a well-rounded and empowered student community.

Children's Charities Association Walk

Mountbatten Vocational School (MVS) enthusiastically participated in the annual Children's Charities Association Walk and Christmas Fair on October 28, showcasing the school's commitment to charitable causes and the diverse talents of its students.

In addition to joining the charity walk, some MVS students captivated the audience with an energetic hip-hop and song signing performance, highlighting the inclusivity and diversity within the school community.

The primary goal of encouraging students to participate in the charity walk was to provide them with a unique opportunity for active contribution to a charitable cause. Importantly, this initiative aimed to foster a sense of belonging and promote social integration among the students, reinforcing unity as they walked alongside their peers and staff members.

The event served as more than just a charity walk; it was a celebration of compassion, camaraderie, and talent within the MVS community. By showcasing their abilities, students not only supported a charitable cause but also conveyed the message that everyone, regardless of background or abilities, has something valuable to offer.

This event is a testament to the vibrant and inclusive spirit of the MVS community. Such initiatives continue to nurture a supportive and enriching environment, promoting both academic growth and personal development. The school eagerly anticipates more opportunities to unite for worthy causes, celebrating the diversity and talents that make the MVS community exceptional.

Year End Programme

On November 16, Mountbatten Vocational School (MVS) marked the end of another academic year with a vibrant year-end program. The event was a culmination of achievements, farewells to graduates, awards, games, a lively fashion show, and a culinary treat prepared by the canteen, featuring delicious bentos for everyone.

As we bid farewell to our graduates, the occasion allowed us to reflect on the challenges and triumphs of the year. Despite the hurdles, it was an exhilarating journey filled with memorable activities and events. The festive atmosphere, coupled with the sense of accomplishment, made the celebration a fitting way to wrap up the academic year.

A special thanks to all the students who contributed to the delightful bento preparation in the canteen, adding a culinary highlight to the festivities.

We express our gratitude to everyone who has been part of this journey with us, making the year-end celebration a joyous occasion. Your dedication and involvement have enriched the MVS community, and we look forward to more exciting adventures and accomplishments in the coming years.
